

CHANGING YOUR PASSWORD

1. From your account home page, under Settings, look for and click **Edit User Information**.

2. On the following screen, in the **Change password** box.
3. Enter your current password.
4. Enter your new password.
5. Verify the new password.
6. Click the **Change password** button.

A screenshot of the 'Change password' form. The form has a title 'Change password' with a lock icon. It contains three input fields: 'Old password', 'New Password', and 'Repeat password'. Each input field has a red arrow pointing to it. Below the input fields is a 'Change password' button, also with a red arrow pointing to it. To the right of the input fields is a 'Password policy' section with a list of requirements: Length from 8 to 20, Not contain the user's First or Last Name, Not contain the user's Accounts names, and Contain 3 or 4 categories: Uppercase letters, Lowercase letters, Base 10 digits (0 through 9), and Special characters.
